

12" Ceiling Speaker Enclosure & Grille

CE12S-3 CG12S

General Product Description: CE12S-3

The CE12S-3 is a 3 cu.ft. enclosure constructed of heavy gauge steel with conduit knockouts located on all sides. Corner mounting brackets are included and the enclosure has a rust retardant grey primer finish. The enclosure is lined with 1½" fiberglass batting (density rating = 1½ lbs). The lining reduces unwanted resonance. ½" acoustic fiberboard is used to prevent sympathetic vibrations.

23"L x 18"W x 12"D
(584mm x 457mm x 305mm)

General Product Description: CG12S

This two-piece 12" grille and baffle is constructed of heavy gauge steel. The sub-plate is painted black and the grille is painted white.

15.25"L x 15.25"W
