Model 75/Model 75-BLK 2-Way Loudspeaker

PRIMARY SPECIFICATIONS

Frequency Response:	75 - 20,000 Hz \pm 3 dB
Usable Low-Frequency Limit:	60 Hz (10-dB-down point)
Power Handling:¹	40 W Nominal 80 W Maximum
Sensitivity:	89 dB
Nominal Impedance:	8 ohms
Finish:	Dark Oak or Black Woodgrained Vinyl
Cabinet Size:	9.5" (24.1 cm) High 6" (15.2 cm) Wide 6.6" (16.8 cm) Deep
Unit Weight:	6.5 lbs
Shipping Weight (pair):	8 lbs

KEY FEATURES

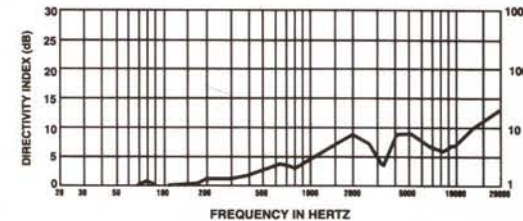

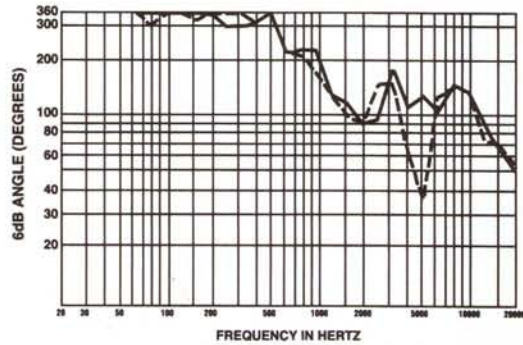

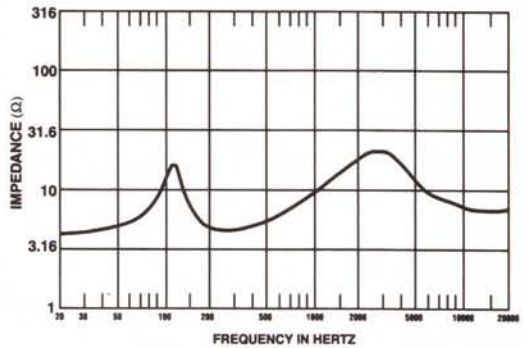

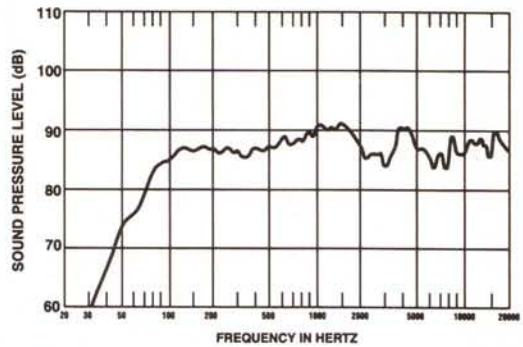

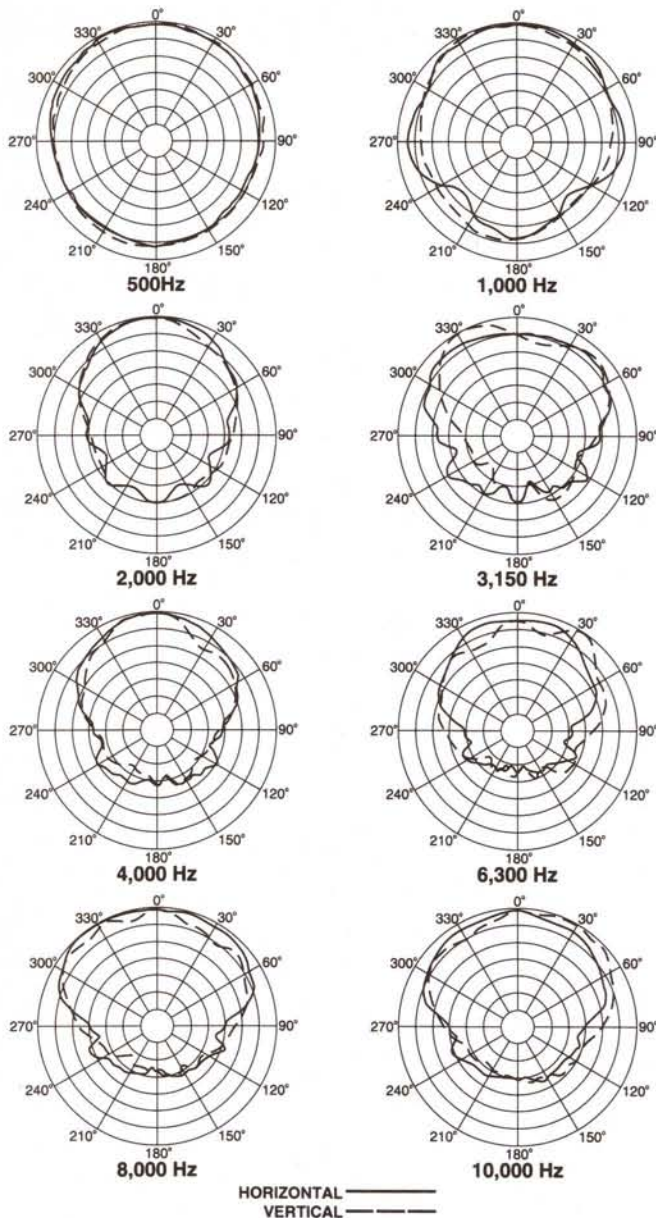

- ★ 40 Watts
- ★ 75 - 20 kHz \pm 3 dB
- ★ Dark Oak or Black

DESCRIPTION

The Altec Lansing Model 75 is a high performance, compact, 2-way acoustic suspension loudspeaker system. Ideally suited for music or speech reproduction for small to medium sized rooms, Model 75 is an attractive and unobtrusive, yet big sounding loudspeaker. Capable of handling up to 80 W maximum input power, Model 75 can be used with a variety of amplifiers. The 5 $\frac{1}{4}$ " woofer is crossed

over at 4 kHz into the 11 mm dome tweeter, allowing for a smooth transition when reproducing crystal clear "highs." As a single loudspeaker, the Model 75 can be used as a center channel speaker for surround sound systems. The fully shielded cabinet can be placed above, below or next to a monitor or television without interference. Model 75 is available in dark oak or black (Model 75-BLK).

1. Long-term average per EIA RS-426-A 1980.

ARCHITECT'S and ENGINEER'S SPECIFICATION

The loudspeaker shall be a two-way system consisting of a 13 cm (5.25-inch) polypropylene low-frequency loudspeaker, and a 11 mm (0.4-inch) high-frequency dome tweeter. The passive dividing network crossover frequency shall be at 4,000 Hz. The loudspeaker shall meet the following performance criteria: Power handling, 40 W nominal, 80 W maximum. Frequency response, ± 3 dB from 75 Hz to 20

kHz. Pressure sensitivity, 89 dB SPL at one watt measured at a distance of one meter on axis. The enclosure shall be fully magnetically shielded and finished in dark oak or black woodgrain vinyl. The unit shall be 24.1 cm (9.5 in.) high, 15.2 cm (6 in.) wide, 16.8 cm (6.6 in.) deep. The loudspeaker shall be the Altec Lansing Model 75/Model 75-BLK.
